2. [redacted] Spoke to Mr. Gibb, Tax Legislative Counsel of Treasury Department, and advised him that the memo regarding Comparison of Disability Provisions was ready. He asked that it be mailed to him and it was. He said Internal Revenue Service was still working on their draft and it should be ready early next week. He did not yet know whether Mr. Surrey planned to see Chairman Mills. Apparently they are tied up with the present tax bill but plan to devote some time early next week to H. R. 7215.

3. [redacted] Russell Fee telephoned saying that Senator Stennis had heard of an event on a discreet basis and would like Russ Fee to be briefed so that the information could be furnished to him. After checking with the Director, it was agreed that Dr. Chamberlain would brief Fee. Fee visited the Agency and Chamberlain gave him full information on what we knew of this. Fee seemed satisfied and said he would brief the Senator with the recommendation that the Senator take no further action. The DCI has been advised of this.
